Highlights

100% Ceramic Grinders

Our ceramic grinders never overheat, ensuring you a perfect grinding, long-lasting performance and totally silent operation

Adjustable grinder granularity

8 grinder settings from the finest to a very rough grind.

6 user profiles

Now a perfect tailor-made cup can be brewed just for you at any time, with 6 customizable profiles that memorize your personal preferences

One click removable group

The brewing group – a Saeco invention- is the heart of our machines, ensuring that the machine makes everything on its own. Thanks to its easy access, you can effortlessly remove it for regular cleaning with just one click.

Full automated dual cleaning

Two independent steam cycles ensure a full automated deep cleaning after every beverage.

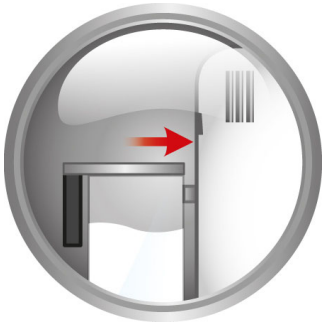
Auto cleaning and descaling

Saeco designed this espresso machine to automatically clean its coffee circuit with water upon starting up or switching off of the machine, this delivers a great, fresh taste with each cup of coffee. Regular descaling prolongs your espresso machine's life. This machine will not only prompt when descaling is needed, the automated descaling process will start on your machine and guides you with clear on-screen messages when you have to intervene. Descaling has never been so easy!

Double boiler

Optimal conditions for everything: two independent circuits assure quick and convenient coffee preparation directly after frothing your milk.

Integrated milk function



Integrated automatic milk function with Autoclean
